The North Carolina Dames often clipped articles about North Carolina history and kept them in the scrapbook.

In this article, the author Ben Dixon MacNeill writes about the removal of Cherokee Native Americans from their lands.

He writes that the exploitation of these people begins with Hernandez De Soto, a Spanish explorer searching for gold.

Cherokee Nation and the U.S. Government

MacNeill describes the Cherokee as peaceful, agreeable, and simply wanting the treaties to be enforced

The broken treaties resulted in the Cherokee people losing their land and being pushed further west, res
